

NOMINATION STATEMENT BY DAVID AMOR

I've been involved the Hall for some time. When it was owned by the church I endured many children's parties there. When the rallying cry for the share issue happened I dug deep. When I had some time I got more directly involved as a director, leading the campaign that ultimately won the £50K grant for the roof.

When Paul Winter stepped down last year I was proud to take up the position of Chair and Secretary. Since then we have focussed on the operational side such that we went from a small monthly loss to breaking even, which I feel is an important step in the long term sustainability of the Hall.

I'd like to continue as Chair, focussing on fulfilling our objectives while continuing to break even.
